

TOTAL

REHABILITATION AND
SPORTS INJURIES CLINIC

Total Rehabilitation and Sports Injuries Clinic is a brand new medical rehabilitation clinic adjoined with Acceleration Performance, a high-level sports training facility.

Based out of St. Boniface, our clinic appeals to the active living population in the surrounding community and city-wide offering injury prevention, treatments and improved performance in sport and work life.

Services we currently provide are physiotherapy, athletic therapy and massage therapy.

Working within a multidisciplinary treatment model, we encourage collateral learning experiences. Our treatment philosophy relies strongly on exercise programming, patient education and manual therapy to achieve rehabilitative goals.

ATTN: Sherwin RE: Job Opportunity –
Massage Therapist

MASSAGE THERAPIST

Terms of Employment: full-time or part-time under contract

Start Date: As soon as possible

Job Salary: Remuneration based on commission, to be negotiated

Posting Expiry: January 31, 2010

As a massage therapist, you must apply finger and hand pressure to specific points of the body and assess clients' soft tissue condition, joint quality and function, muscle strength, and range of motion.

It will be your responsibility to maintain treatment records and provide clients with guidance and information about techniques for postural improvements, and stretching, strengthening, relaxation and rehabilitative exercises

Our clinic makes use of a marketing system that encourages patient referrals. However, therapists are encouraged to network to increase personal referrals.

Training will be provided on the use of medical equipment and facilities.

Qualifications and Education:

- must be registered with your appropriate regulatory college or university and licensed to practice in Manitoba
- must have some clinical experience
- must have a friendly and outgoing personality
- able to read, write and speak English (French is an asset but not required)
- must be business-oriented and proactive with advertising
- able to work under pressure in a busy environment
- must be neat and accurate at work
- must contribute to creating a positive, safe and healthy environment for patients
