

Alumni Profile : Jay W.D. Fee, RMT, HM, FLCSP(Phys.)

I have been involved with massage since its beginning in Saskatchewan and with the London & Counties Society of Physiologists (L.C.S.P.) from its beginning. I have served on the board as Disciplinary Director, Director of Education, Vice President and Past President of L.C.S.P. I also served on the Bylaws Committee.

I have worked with MTAS when the organization was first in its formative stages. My father, C.D. Fee (deceased) was one of five individuals who formed the organization and massage therapy was first recognized in Saskatchewan.

In the 37 years of practice in this great profession, I have seen many changes and achievements, due to the dedicated individuals who have worked so hard with advancements to allow the profession to grow to where it is today.

I have been privileged and blessed to receive an Honorary Life Membership from MTAS, recognition from CMTA and a Fellowship from LCSP.

I was extremely fortunate to work with Dr. Marc Baltzan, (deceased), kidney specialist and Chief of Medicine at the Royal University Hospital, Saskatoon.

As well, I was instrumental in having the City of Saskatoon changing its bylaws regarding the licensing of qualified massage practitioners.

Over my 37 years of practice, I have had 13 students attend my clinic to further their studies on the way to becoming practitioners and I am still having students coming to the clinic to do their practicum.

Our organization has had many great individuals. I am encouraged to see continued advancements – moving forward in the profession of massage therapy. □

Mr. Jay W.D. Fee, RMT, HM, FLCSP (Phys.) graduated in 1970 from Blackpool England Swedish Massage and Electrical Institute and has also graduated from Advanced Remedial Massage. He has done cranial-sacral massage with Don Bennett, FLCSP (Phys), deceased. As well, he has attended many seminars across Canada and the United States.
